**REGISTRATION BY 15 FEB**

<https://creds-iitpkd.github.io/seminar>

**CENTRE FOR RESEARCH AND  
EDUCATION IN DATA SCIENCE**

**CREDS**

**VISION**

To provide world class education, pursue cutting edge research, and develop data science & artificial intelligence for the benefit of society. Faculty members from various disciplines are associated with the CREDS to look at the application of data science in different fields. CREDS plans to start an M. Tech program in Data Science in July 2020. CREDS will also train PhD/MS research students in data science & artificial intelligence core and applied areas. CREDS will foster active industrial and academic collaboration.
